

PREFACE

The material covered within this student handbook is intended as a method of communicating to students and parents regarding policies and procedures specific to Madras High School. This handbook is meant to supplement, and is in addition to the District Rights and Responsibilities Handbook.

STUDENT COUNCIL (ASB)

The Student Council is the guiding group of the entire student body and serves as the major avenue of communication between the students, the administration, and the faculty. As members of an active student body, students are urged to contact the Student Council or any Council member if they wish to bring suggestions or ideas to the attention of their student government.

All registered students of Madras High School belong to the student body and if properly registered are eligible to vote on all student affairs. All students are urged to take an active part in school matters, which should include an awareness of, and an active participation in their student government. The Student Council will make decisions regarding the disposition of student body monies. Clubs and individuals representing the school should arrange to approach the Student Council with requests for use of these monies.

STUDENT CLUBS/ACTIVITIES/ATHLETICS

Madras High School offers a variety of extracurricular activities. We encourage all students to participate in extracurricular activities. Research clearly indicates students who stay involved in school activities, club, and athletics are far more likely to be successful in all measures of school performance. See your athletic director/coordinator for more details. Clubs/Activities/Athletics are a privilege not a right. Students must meet certain eligibility requirements in order to participate in these activities.

MHS ANNEX ALTERNATIVE PROGRAM OPTIONS

Madras High School offers the "PLATO" online credit recovery program at the MHS Westside and Warm Springs Annex facilities. These programs are available to qualifying students desiring an alternative to the regular school day. The primary goal is to complete credits and other expectations required for graduation or re-entry to MHS. Students interested in enrollment in the PLATO program must first schedule an appointment with an MHS Counselor. Students will be required to fill out an application and then meet with administration to discuss course of action. Annex students are required to sign and follow a personal contract outlining their alternative education plan of study and expectations. Students attending either Annex sites cannot be on the Madras High campus between the hours of 7:30 a.m. to 4:30 p.m. Exceptions are by appointment only or enrollment in a before or after school study program.

This program is designed to supplement the online credit recovery at the Warm Springs Annex facility.

Athletics

Athletic Vision

Jefferson County School District 509-J believes individual students may benefit from activities and athletics through the opportunity to participate in a safe, controlled, learning environment. Jefferson County School District 509-J will support activities and athletic competition equally for boys and girls to provide a chance to learn skills in team cooperation, to develop personal self-control and sportsmanship, to gain wholesome social experience, and to develop skills specific to a sport. Because activities and athletics are both educational and recreational, the programs will encourage participation by as many students as possible. The programs will be operated in the best interest of the students without undue interference from outside influences. While well-organized, energetic activities and athletic programs can be a potent morale factor among students and community, Jefferson County School District 509J believes that emphasis on competition should not be detrimental to student health, safety, and social attitudes.

 - (b) Eligibility checks will also be done at the halfway point of each sport season. Students who are not passing six credit bearing subjects will be placed on Academic Probation for six consecutive school days from the point of notification. During the probation period the student must meet the following requirements:
 - i) Ensure all grades meet eligibility criteria (passing six credit bearing classes)
 - (ii) Attend all practices unless he/she is working with a teacher or working to improve academic standing.
 - (iii) The students will not be permitted to travel to any contests that requires early release from instructional time.

At the end of the Academic Probation the student must be passing six classes to have eligibility reinstated for the season.
(See MHS Student Parent Athletic Handbook for up to date revisions and more information.)
- 4) Complete a medical emergency card, a parent information sheet, an eligibility information sheet and a drug test release form. The athlete must also have an up to date sports physical form completed and completed pay to play requirements (For teams participating in the Impact Concussion program, this form must also be completed before participation of any type.)
- 5) Athletes may not have any involvement with tobacco, alcohol or drugs. Any involvement may result in suspension or dismissal from athletics.

ATHLETIC DRUG TESTING

All students in athletics at Madras High School are required to participate in the mandatory drug testing program. Throughout the students' season of participation, they could be randomly selected to provide a urine sample. The collection of samples and the testing is conducted by the St. Charles Hospital staff at Madras High School under the supervision of a school employee. Should an athlete miss the testing when they are selected, they will need to provide a sample at the earliest opportunity at St. Charles Hospital. If the athlete refuses to provide a sample in a timely manner, they will be treated as if they had a 'positive' test result. There is no fee for the drug testing.

SCHOOL PROCEDURES

SOCIAL EVENTS

All high school functions are to be scheduled through the Athletics/Activities Director, whether the event is to be held in the high school building or not. Any transportation needed for functions outside the high school building should be arranged for through the Athletics/Activities Director. This includes those activities concerning the pep rallies and state competitions.

STUDENT RESPONSIBILITIES (SBP JF-JFA)

Attendance Responsibilities:

It will be the responsibility of the classroom teacher to:

1. At the beginning of each grading period, explain and publish how attendance and participation relate to the course objectives.
2. At the beginning of each term, establish and communicate clear guidelines for making up work, and times the teacher is available to meet with students. Teachers will give students two (2) days for each day absent to turn in make-up work.
3. Grade and return student work in a timely manner.
4. Maintain accurate attendance records and report absences to the Attendance Office the day after an absence
5. Notify the student, parent or guardian, and the appropriate school personnel when absenteeism impacts performance to the point where passing a course is jeopardized.

It will be the responsibility of the student to:

1. Keep teachers informed of any event that may impact the student's attendance or affect job performance.
2. The next day back to school following an absence, present a dated, written explanation stating the reason for the absence to the attendance secretary from the parent or guardian, and obtain an admit slip before re-entering class. Report early enough so as not to be late to class. *Obtaining an admit slip does not excuse tardiness.* Notes presented more than five days after the student returns to school WILL NOT be accepted.
3. If the student and family is aware of an upcoming absence(s) the student must obtain a 'Pre-Arranged Absence Form' from the Attendance Office, fill out, and return that form to the Attendance Office in order for that absence(s) to be excused.

Attendance

Illness for a medically related reason is the only automatically excused absence from school. When a student is absent for any reason, a written explanation by the parent or guardian is requested when the child returns to school. **PLEASE CALL THE SCHOOL WHEN YOUR STUDENT IS HOME ILL (or out for any reason). You will receive an automated call from the school if your child is absent and we do not hear from you.**

Absences from school are excused when caused by the student's sickness, sickness of a member of the student's family, or by an emergency. The principal or school designee may also excuse an absence for other reasons where satisfactory arrangements are made in advance of the absence.

The following are examples of unexcused absences: babysitting, home chores, hair appointments, shopping, missing the bus.

The following are the steps that MHS will be taking to encourage students to attend on a regular basis.

Please review the following policy:

1. An automated message will be sent home the evening of the missed class or classes.
2. Students that demonstrate a pattern of unexcused absences will receive a letter delivered to the home stating the student has irregular attendance and must attend school the following day. A school day will be considered four or more periods of absence.
3. If truancy/irregular attendance persists, a second warning letter will be sent or personally delivered to the home stating that the student needs to be in school the following day.
4. If students do not begin to attend on a regular basis, the parent and student will be summoned to meet with the Assistant Principal and/or counselor to develop an attendance plan to help the students understand that the best way to be successful in school is to attend on a regular basis.
5. If parents fail to attend meeting with the Assistant Principal and/or their child does not begin to come to school on a regular basis after the meeting, the superintendent's designee (SRO) will cite the parent with a Class C felony and the parent will be required to go to court.

BULLYING/HARASSMENT

Students and adults are entitled to an environment without harassment, menacing, or bullying. Harassment includes intentionally annoying another either verbally, written, or by physical contact. Menacing includes attempting to place another person in fear of serious injury. Sexual harassment is the creation of a hostile or uncomfortable environment due to uninvited, unwelcomed, personally offensive sexual attention.

Bullying involves a real or perceived imbalance of power. The behavior is repetitive and intends to harm, humiliate, or harass another. Cyberbullying is the use of any electronic communication device to convey a message (text, image, or video) that intentionally or unintentionally defames, intimidates, harasses or is otherwise intended to harm, insult or humiliate another in a deliberate, repeated or hostile and unwanted manner, which disrupts or prevents a safe and positive educational environment. Students are encouraged to report an incident immediately to a teacher or administrator, who will take appropriate action. Students may also report an incident on-line at www.jcsd.k12.or.us/district/jcsd-hotline. Students who make a report are expected, but not required, to preserve evidence of cyberbullying.

DESIGNATED AREAS

Students are allowed in designated areas outside of the building during lunch: 1) Grassy areas on west side of the building - front of school. 2) Grassy area directly east of MHS – back of school 3) Outside seating areas. **All athletic fields, parking lots, and the ropes course are off limits during school hours.** See administration with any questions.

Non-MHS students are under the same rules and regulations as MHS students. The school may refuse admittance of a non-student to a dance and has the right to exclude the non-student from the dance.
